

INTERNATIONAL CONFERENCE  
ON AQUATIC INVASIVE SPECIES

## ICAIS 2022 ABSTRACT FORMATTING & SUBMISSION GUIDELINES

1. Please use the ICAIS 2022 Abstract Formatting Template (.dotx) when preparing your abstract for submission. See the example of a [properly formatted abstract](#).
2. Please indicate whether your intention is to present in-person or virtually.
3. Please indicate whether your submission is being submitted for oral or poster presentation. **Note:** depending upon the number of abstracts that are submitted and the number of available presentation time slots, requests for oral presentations may not all be possible to accommodate.
4. Abstracts are to be formatted to North American letter 8 ½” x 11” (216 mm by 279 mm) with 1” (25 mm) margins. The font size should be 11 point Arial, single spaced, paragraphs should be 6 pt before and 6 pt after text, format the text flush left.
5. List all authors and use superscript numbers to denote affiliations, using the same number for authors with common affiliations.
6. The name of the presenter is to be indicated in bold font.
7. Provide email addresses for each author/co-author listed.
8. Abstracts are to be no more than 300 words in length, no charts or graphs to be included.
9. Be sure that the “track changes” function **has been disabled** before submitting the abstract. Abstracts with track changes active will be returned for resubmission.
10. Abstracts are to be submitted in Microsoft Word using the Abstract Upload link on the [Call for Abstracts page](#) of the ICAIS website. Other file formats cannot be uploaded.

If you have any questions, or require clarification of any details, please contact Elizabeth Muckle-Jeffs, Conference Administrator.
